MEMORANDUM FOR: Executive Secretary, Suggestion Awards Committee

SUBJECT : Suggestion No. 67 270

1. Sorry to take so long with this one, Joe, but a few budget exercises intervened. I got the general impression that this proposal has been pretty well beat to death and has been the subject of considerable study in Finance and Logistics, some certainly pre dating the suggestion. There are apparently internal reasons why the suggestion would not work in the way envisioned by the suggester although a case could be made perhaps for any of several different methods of handling the problem.

2. I believe the suggester deserves the credit you suggest for his perception and initiative and I'm sure it did stimulate review in Logistics and Finance. I'd go along with your recommendation. I'm forwarding for your file the material sent me.
